Deadlines for Reports

The deadlines for reports are specified in the project's grant application or have been established between the grantee and the NAPEF Board of Trustees.

Grantees should be aware that the release of payments for the project is **depends on receipt of the interim report(s)**. Late reports may result in the delayed payment of funds.

Guidelines for the Financial Section

Please use the financial portion of the report to specify project expenses for both interim and final reports. The report must be submitted at the same time as the written report; electronic or hardcopies will be accepted.

Please provide scanned copies of any/all relevant receipts in addition to the financial report.

The financial section should report on how the NAPEF funds were spent to fulfill the grant purpose only.

PLEASE NOTE: NAPEF will make funded project information public, particularly the outcome status and reports. This is done to disseminate the information about projects to the larger parliamentary community as well as encourage interested and eligible parties to apply for funding.

Final project reports will be published in full.
